EZ OFFICE PRODUCTS RECOGNIZED AS “GREEN PROFESSIONAL” BY THE WISCONSIN SUSTAINABLE BUSINESS COUNCIL

Madison, WI – September 23, 2019 – EZ Office Products (EZOP) has been recognized as a “Green Professional” business as part of the Wisconsin Sustainable Business Council’s Green Masters Program.

[The Wisconsin Sustainable Business Council](#) (WSBC) supports sustainability efforts for local businesses. [The Green Masters Program](#) is a well-regarded recognition and assessment program for Wisconsin businesses interested in improving and being recognized for their sustainability initiatives. The program objectives are to provide companies with a benchmark for themselves and to enable companies to compare their sustainability performance to other companies in their sector.

Rose Molz, President of EZOP, shares her company’s excitement about being accepted into the program at this level. “For many years, we have always done what we can to improve our level of sustainability. We power our business with 100% wind energy, continually expand recycling efforts to our clients and beyond, use the most fuel-efficient truck delivery routes, and actively promote sustainability within our community.”

She continues, “Now, with this official recognition from WSBC, we can better measure the impact we have on the environment and seek to further our sustainable business operations. We are thrilled to be recognized for our efforts, and want to continue to be a sustainability leader in the office supply sector. We look forward to more progress in the years to come!”

Companies participating in the Green Masters Program reapply annually with the goal to improve upon their sustainability score year-over-year.

ABOUT EZ Office Products (EZOP)

[EZ Office Products](#) is the only independent office supply company in the greater-Madison area. A Women’s Business Enterprise (WBE) company, EZOP was founded in 2006 by Rose and Gary Molz. The company embraces old-fashioned values and principles that include honesty, great products at fair prices, friendly and knowledgeable service, and has the desire to make a positive difference in the world by giving back to the local and global community.

The company has been an MPower Business Champion, a nationally recognized model for achieving sustainability success from within an organization.
