FOR IMMEDIATE RELEASE
June 28, 2022

THERE'S NO PLACE LIKE HOME

After Months of Planning, Remodeling and Moving, Fleetworthy's Official Headquarters is Ready for the Ribbon Ceremony!

Madison, WI June 28, 2022 – Since rebranding back in 2017, Fleetworthy Solutions has seen their number of clients, strategic partners, and employees increase year after year. Furthermore, after 8+ years of sharing a building with several other businesses, Fleetworthy has now increased their square footage and has a building of their very own to call home!

Located at 5301 Buttonwood Drive in beautiful Madison, Wisconsin, Fleetworthy's 30,000 square foot headquarters features seven conference rooms, over twenty offices, three kitchens, and a wellness room where monthly chair massages are available to all employees. However, the best feature, according to the employees, is the gaming loft which sits above the developers den. Whenever employees need a break or wish to stay after work hours, you can find them in the loft playing a variety of classic games like ping-pong, shuffleboard, darts, or foosball. Additionally, you will also find many of the golf-loving employees using the golden tee machine or the golfing simulator!

"The leadership team set a goal to find a new headquarters that best fulfilled the needs of our employees and our customers. 5301 Buttonwood certainly achieved that. Every aspect of our new Headquarters is an upgrade. We now have the necessary infrastructure to give our employees an environment that fosters cross-team collaboration and physical and mental wellness. Our customers will be able to visit us and experience an environment that is built to allow us to fulfill our promises we make to our customers"

- Michael Precia, CEO and President, Fleetworthy Solutions

As a member of the Greater Madison Chamber of Commerce, Fleetworthy is excited to announce that GMCC President Zach Brandon and many other chamber employees and board members will be in attendance and providing an official ribbon cutting ceremony on July 27th starting at 2:00pm. Following the ceremony, snacks and refreshments will be available for anyone wanting a tour or wanting to hang out and test their skills in the gaming loft!

About Fleetworthy Solutions

Fleetworthy Solutions, Inc. provides DOT safety and regulatory compliance services to commercial fleets that take them Beyond Compliant. Fleetworthy combines exceptional client service, advanced technologies, and more than 35 years of transportation industry expertise to make sure that drivers and assets are truly ***fleet worthy***. The company helps private fleets, for-hire carriers and third-party logistics companies of all sizes surpass compliance of federal, state, and local regulations and streamline processes to reduce costs and mitigate risks.
