MADISON, WIS. – **Hickory Hill Academy expands to offer more remarkable learning experiences.** A groundbreaking celebration will occur on Tuesday, May 24, 2022 at 2:30 pm CDT to celebrate the beginning of construction on a new 50,000 square foot (sf) expansion of Hickory Hill Academy at 3276 S High Point Rd, Madison.

Matt Dahl, President and Owner of Hickory Hill Academy indicated, "Hickory Hill Academy was founded 25 years ago by my parents on this campus, which was previously our family homestead. It's a blessing for us to remain on this unique site as we build and grow our program through the 8th grade."

The new school building, to be completed in the fall of 2023, will support kindergarten through eighth grade with dedicated art, science, music, makerspace, and a full gymnasium, while featuring an indoor garden and conservatory. The building has been designed by Iconica, with design assist by 1901 Inc., and Vogel Bros. Building Co. as the Construction Manager and builder.

"The new multipurpose spaces will allow for endless learning opportunities to take place today, tomorrow, and far into the future," said Evan Hunt, Incoming Head of School. "Our community will have room to gather together to further strengthen the loving and caring community that makes the Hickory Hill Academy experience truly special."

"It has been the honor of a lifetime to serve thousands of Madison-area families over the years. This investment assures our community that Hickory Hill Academy will continue providing high-quality childcare, with the addition of an outstanding elementary & middle school program," said Jenny Dahl, Owner of Hickory Hill Academy.

"Vogel Bros. is excited to support Hickory Hill Academy with the expansion of their new school and see their vision become a reality," said Jay Thomsen, Vice President of Vogel Bros. Building Co. "This
